# 寻找前世之旅

Chapter 29: Shinsengumi

Yeah I know  
what sickness I  
have.

It's also getting  
worse.

But I can still hold a  
sword, so I don't want  
to stop fighting.

To protect the people around  
me, to defeat the evil, I must  
hold my sword, and continue to  
fight.

The next few days were very peaceful  
Saku and Hironu seemed to be here  
because regulars here

Every time he comes, I would force  
him to talk either Philana and pear,  
or pear with honey.

Watching him and it makes me feel better.

I don't know why, but he makes  
me Feel Good For Him

Sometimes, his smile is sadder than  
he looks. Despite that, his tough  
appearance, he still has a weak  
heart.

But for my sister, I still haven't  
seen any abnormal behaviors. Ah, Fu  
still seems like a normal Japanese  
girl, and a kind one at that.

I still don't know why Gatta killed her, and why she had  
so much hatred for him. What she would bring to him  
such an awful curse. What exactly happened? They  
seem to get along well actually, since he's a regular  
at the shop.

Soa, who is she?

Dr...

Is that your girlfriend? You've finally found one!

He, she's just my Grand Hagakure-san

He called her Hagakure-san, so he must be related to a leader, Hagakure Shinsachi

The person who went  
to school next deputy  
Makoto. And next to her  
is secretary Kanda

So that man is the  
one whom people call  
the devil deputy.

Especially Kanda Isami and  
Makoto Tachibana.  
They knew each other since  
they were 17.

Devil deputy, son of the devil, could it be  
that all the guys with the nickname devil  
look handsome? Even though they're known  
as devils, perhaps they'll  
become angels.

I read there a book, that Kanda Isami, Makoto  
Tachibana, and Sora met at a place called Rome,  
and got along well from the very beginning.  
They had the same kind of mindset, so that  
allowed them to become friends.

As for the tournament games, it's divided into the red team and the white team, with six members each. Each member has a glass plate in their forehead, and wooden swords.

The point of the game is to smash the other team's glass plates, which will automatically disqualify them.

The team with the most members taken out loses, and the other team wins.

Red Team

White Team
